Who was it some four years ago
Went to the country feeling sore?
Made promises about a score?

Who have the gall again to come
And say they may have broken some
Small promise—but need the more?
The Grits.
Who entered in the Crow's Nest den
And said the Yukon tried to steal,
That honest men began to sneer?
The Grits.
Who said the tariff changed would be

That had to stick to old N.Y.T.

Who said it from the very start
Has made us sick below the heart,
By having pills and—That's Tarter?

Who have no policy on hand
To benefit our happy land,
But put their job upon demand?

THE INDICTMENT.

"The record of our party, while it has been in power under its present leaders, is one long, shameful story of promises unfulfilled and pledges broken; of reckless extravagance; of jobbery and corruption; and of utterly disgraceful betrayal of every principle for which as a party we stood. For the purpose of securing themselves in office the men who have been entrusted with positions of leadership have brought disgrace upon our party and dishonor upon the name of Liberalism."—H. H. Cook, ex-M.P. Liberal, in letter to Sir Wilfrid Laurier.

CONSERVATIVE SECRET AGENTS.

Yankee Detectives Sent Out Over the Country, They Will Operate in Liberal Ridings—Liberal Candidates Shadowed by These Men.

Such is the heading which appears over what purports to be a "letter received by the Globe." The writer, after stating that funds had been raised for the purpose of employing detectives to shadow Grit, Liberal, and Conservative agents; and he writes: "With these funds they have

secured election organizers and were from the United States, having sent an agent from the Albany Club, Toronto, to secure men from New York and Buffalo.

I know of a case where one of our candidates was followed from the time he left his house in the morning until he returned to it at night.

They will endeavor to get friendly with our workers in each constituency, and learn how our people mind with us.

I write you to let you know what the plot is, so that people will not be misled by friendly strangers or local characters who endeavor to ingratiate themselves into the good graces of our workers.

Strive to checkmate the tactics, even though these devices may be worked by "first-class men" from Buffalo and New York.

If these statements be true it is a step in the right direction, and every honest man will rejoice at the steps taken to prevent if possible a repetition of the inquiries perpetrated at the late elections in Brockville, West Elgin, West Hants and other places.

The information, judging from the prominent heading placed over it has carried terror into the hearts of the workers.

Watch and "checkmate them," advise the voter! What necessity to "snatch" the detective if "our candidates" as they are designated, are exposed.

If there is no wrong to be done there is nothing to fear. The belief that detectives are to be set on foot, has carried consternation into the ranks of the workers.

It is to be hoped the story is true and the results will be to stop a repetition of former conditions or the punishment of the criminals.

TIMELY TOPICS.
The Intelligence has been handed the following poem of welcome which was written by Miss Edith A. Clay for the "Soldiers' Wives' League and is to be sung at the Banquet which the ladies are preparing. It may be sung either to the tune of "The British Grenadiers" or that of "There's a Luck about the House when our gaid man's awa." Try!

Welcome from the Fifteenth, A.I. to their Commander of the Royal Canadian on their Return from South Africa.

Then back again from Africa's wilds,
From spruce and maple lone,
To all the boys of loving hearts,
Our boys we welcome home.
Nor count the days, nor weary cheer,
One half express the joys
So wildly welling in each heart,
As Belleville greets her boys.

Through fever, hunger, burning heat,
Long marches o'er the sand,
Our boys were brave, they stood it
Well.

Nor shamed their native land!
Aid more than that, they brought us

into which were represented at the war. Then again, the staff has been started, calling by a number of kind-hearted and patriotic ladies. They have gone on for to turn back even if they wanted to, and it seems to us that the proper thing for the City Council men to do is to give the ladies their loyal support.

A prominent gentleman said to the Intelligence yesterday: "I have no hesitation in endorsing the remarks made by your paper on Saturday night, but it is a pity you did not make your protest a week or so ago."

A SUDEN SUMMONS.

Without a Word of Warning She Went to the Floor, and Her Spirit Took Its Flight.

The uncertainty of human life was never more strikingly exemplified than in the case of Mrs. M. LaRue, who last night, when apparently enjoying her usual health and spirits, was suddenly touched by the evil hand of death, and in a brief moment the light left her eyes, her spirit fled, and nothing but cold clay remained to show how sudden and awful are the ways of the Almighty.

Suddenly, in the midst of life we are in death.

The deceased lady last evening attended Bridge Street Methodist Church, and, up to the time of the awful seizure, appeared to be in her usual state of health.

A large congregation was present, the usual Sunday services of the Methodist church had passed off without incident. The hymn preceding the sermon had just been given out, the organ had pealed out the prelude, the choir and congregation had just risen to their feet and began to chant the song of praise, when Mrs. LaRue, who had been seated in the front row, dropped her head and sank to the floor.

Loving hands picked her up and carried her out to the vestibule of the church, where choir and congregation, aware of the fact that a human soul had just gone to face its maker, raised their voices in the hymn.

"Lord, as Thy dear cross we flee, And pray to be forgiven, Oh, let Thy life our pattern be, And form our souls for heaven."

Dr. Ekins, who was among the congregation, was at once by the lady's side, but she was past all human aid, and it was a pitiful scene which met the eyes of the sympathetic onlookers, as the little daughter, aged 8 years, who accompanied the mother to church, clung to the lifeless body and refused to be comforted.

Word was at once sent to the household of the deceased lady, and the remains were taken to her former home, Victoria Ave.

The late Mrs. LaRue, whose maiden name was Miss Annie Connell, being a daughter of Mr. and Mrs. J. W. LaRue, was born at Sirling, and she had lived till next Wednesday, would have been 27 years of age. She was married to her now surviving husband about eight years ago, and they had three children, Arthur, aged 11 years, and Harry and Richard, aged 7 and 5 years respectively, both of whom survive. The deceased lady had been about eight years ago, and she had lived till next Wednesday, would have been 27 years of age. She was married to her now surviving husband about eight years ago, and they had three children, Arthur, aged 11 years, and Harry and Richard, aged 7 and 5 years respectively, both of whom survive.

A peculiar circumstance connected with the sad case in that, when a young girl, Mrs. LaRue dreamed that she would die before she attained the age of 27 years. This, it seems, had always been an old prophecy, and she had lived much with her heart, and was under the care of a physician. She told the medical man of her dream, and he said, "Oh, if I only had next Wednesday, you'd be easier in my mind."

The dream of her youth came true; she did not live to see the sun rise on her 27th birthday.

By her many amiable qualities the deceased lady made many warm friends, who will join with The Intelligencer in tendering heartfelt sympathy to the stricken relatives.

The funeral will take place from the family residence, Victoria Avenue, tomorrow afternoon at 3 o'clock.

RITCHIE'S

We were never in a better position to supply the people of this district with high class, reliable Dry Goods at moderate prices.

One reason the consumer has often to pay high prices for goods is because they pass through the hands of too many dealers, who all get a profit. We avoid this by going direct to the manufacturers themselves.

Our buyer has visited the markets of Europe, the United States and Canada, and as a result we show an immense assortment of new and fashionable goods.

A word about prices. We invite a comparison of our values with any firm in Canada, and if any person is dissatisfied after they have made a purchase and think they can buy the same goods cheaper elsewhere, they can return the goods and get their money back.

Everything in the store marked in plain figures at closest cash prices.

SURPRISING RESULTS.
A Simple Internal Remedy Makes Remarkable Cures of Catarrh.

People who have used *catarrh*, influenza, colds and washes for catarrh of the bladder, will use this convenient tablet they are, will be agreeably surprised at results following the use of this simple internal remedy in tablet form; *Druggists* *Stuart's Catarrh Tablets*, which sell at 50 cents for a full sized treatment of the bladder, are effective and popular of all catarrh remedies.

Nearly all cheap cough mixtures, throat lozenges contain opiate; the cheap imitations of the remedy are light, especially with little children, destroying nerve sensation, the irritation in the throat, which causes coughing in the morning, and prevents removing the cause but by deadening the nerve of feeling the irritation.

they ought to have been able to find
a way to comfort him. But they
said that they were dumb as the

The representatives of the Municipal Association, Messrs. Mackenzie and Fuller, thought that the closing stock of railways and the profits of corporations could be reached by taxes, and that the scrap-iron movement should be removed, (1) to the Robinson, (2) to the twenty different transportation industrial corporations, and use that an endorsement should be made that the various companies here prevented could be protected by a commission. Unless this was agreed, he declared he would say nothing on the topic. The commission adjourned at 4.30, to meet to-day (Friday) Mr. Mackenzie further to discuss on the same point.

QUEBEC SHOEMEN'S STRIKE

The Workers Reply to the Propo-
sals of the Masters.

They Refuse to Accept Conditions Which
Would Deprive Them of Freedom and
the Right of Mutual Protection. They
Are in Favor of Arbitration. They Want
a Strike, Not One That Is Com-
posed of Masters Alone.

Quebec, Nov. 21.—The work-
men interested in the leather trade
have published an answer to the dis-
sentiments which they have been asked
to sign by the manufacturers. A
committee has been formed, composed
of members of the different branches
of the shoe trade at present out of
the hands of the leather trade. The
workmen, they refuse to accept the
conditions as imposed by the manu-
facturers' declaration.

Among other reasons the work-
men state that they cannot submit
to the arbitrary and unjust de-
mands which seem to force them to
sign. They have no objection to
arbitration, but they want a strike
to secure their right to work for
the labor and trades union. They
are the only means by which the
working class can protect itself
against the arbitrary and unjust
demands of the manufacturers.

They contend that they have al-
ways favored their troubles being
settled by arbitration. They have
a board of arbitration as suggested
by the Manufacturers' Association.
They are not in favor of a strike
that is composed solely of members
of the manufacturers' association.

In conclusion, the committee state
that the men are willing to submit
their troubles to a board of arbi-
tration, but they want a strike to
secure their right to work for the
labor and trades union. They are
the only means by which the work-
ing class can protect itself against
the arbitrary and unjust demands
of the manufacturers.

HEART ATTACKER SULLIVAN DEAD.

Heart Disease Took Off the Famous
Musical Composer.

London, Nov. 23.—Sir Arthur Sullivan,
the eminent English composer, died
yesterday morning at nine
o'clock from heart failure.

He had been ill for some time, but it was
not believed his heart was affected.
He had been in better health than
for some weeks past, and when
he received the death stroke was
talking and laughing with his
family.

The afternoon paper says that
Sir Arthur Seymour Sullivan was
born in London on May 13, 1842.

His father was principal professor
at King's College, and he was
trained for the church, but he
eventually turned to music, and
became a successful composer.

His most famous works are "The
Maids of Honour," "The Gondoliers,"
"The Pirates of Penzance," and
"The Mikado."

He was a man of great energy and
vitality, and his death is a great
loss to the musical world.

DISTRICT NEWS.

Interesting Items culled from Ex-

changes and Contributed by

Correspondents.

RITCHIE'S

We were never in a better position to supply the people of this district with high class, reliable Dry Goods at moderate prices.

One reason the consumer has often to pay high prices for goods is because they pass through the hands of too many dealers, who all get a profit. We avoid this by going direct to the manufacturers themselves. Our buyer has visited the markets of Europe, the United States and Canada, and as a result we show an immense assortment of new and fashionable goods.

A word about prices. We invite a comparison of our values with any firm in Canada, and if any person is dissatisfied after they have made a purchase and think they can buy the same goods cheaper elsewhere, they can return the goods and get their money back.

Everything in the store marked in plain figures at closest cash prices.

THE SHIBBY MATTER

"A Citizen" Writes in Favor of the Scheme.

Thinks Belleville is in Need of "New Blood."

To the Editor of the Intelligence:

As everybody, nearly, seems to be taking about the Shibby matter just now, perhaps you will kindly allow me to say a few words.

Now, an entirely in favor of the scheme as passed by the Executive Committee.

It cannot be denied that our city has been suffering since it is enjoying today. What we need is new blood.

These things, however, are not the only things for which we need new blood.

For people to say "Oh, give them everything they want" is about the only thing that will do us any good.

It might be well to let business men know that we are not asking for anything but what is reasonable.

For certainly they would administer their without fear or favor, which is more than is done in many instances now.

The fact of the matter, Shibby buying the street railway does not appear to me to be any argument in their favor.

The street railway, however, is a private enterprise, but fell into the hands of a great corporation, the Belleville people are not, and should not be, entitled to any special consideration.

As for the other private citizens or the Bank of Montreal, but the clear point to my mind is this: These capitalists are not going to buy the railway just for the pleasure of owning and operating it. Unless they intend to throw away the \$30,000 which they will put into it they must get people to ride on the line.

Now, I think the street lighting at \$85 per light is a fair proposition. The goal for private lighting is not so good, but the 10-cent residential rate is good, though it would be better if the term of readjustment came every five years.

Now, as to the gas plant. From what I hear it is a very antiquated one of the plant. I am told it has been in use for nearly 50 years.

The accumulated debt amount to \$12,000. The works must be rebuilt. They must be modernized if they are to be used at all.

The outlay will be considerable, but I certainly think that, if economy is practiced, the company could give the gas at a cheaper rate than \$2.00 per thousand.

One thing to my mind is quite certain. These capitalists are not going to put a penny of their money into the concerns for the good of Belleville. They are in it for the money.

Mr. and Mrs. Fry Can't Agree as to Its Ownership.

A woman yesterday brought a child named Fry to the police court for his appearance.

It appears there is some trouble between Fry and his wife and they do not agree as to the custody of the child.

The case was called in court this morning, and the parties appeared.

The judge, after hearing the evidence, granted custody to the mother.

A New Made Happy-Gentlemen.
For five years I had been a great
sufferer with Dyspepsia, the pain in the
stomach was almost un-
bearable and life seemed a drag
to me. When I would go to sleep
I would have horrible dreams, and my
life became very miserable. I was
with the use of only two bottles of
Carter's Little Liver Pills. I
discovered this unhappy state has been
changed and I am a well man. I can
assure you my case was a hard one
and I send you this that it may be the
means of convincing others of the
wonderful curative qualities possessed
by this medicine, that is specially
calculated for the cure of Dyspepsia.
A lady customer of mine had the
Dyspepsia very bad, she could scarcely eat
and was troubled with pain
similar to that I suffered with, and
cured herself with two bottles of
Carter's Little Liver Pills.
I wish you success with your
patients as I am fully convinced that
it will do all you claim for it. Signed
Melville H. Marsh, General Agent
Belleville, Ontario.

COUNT WALDERSEE FLEW.

Bitter Complaints Made About His Policy in China.

Backs Killing of Chinese—He is Claimed the German Attaché's Soldiers Sent to Put Down the Boer-Good Impression at St. Petersburg Over the News That Powers Have Yielded to the American View.

Peking, Nov. 30.—The complaints of the policy pursued toward the Chinese by Field Marshal Count Von Waldersee are bitter, and, to a certain extent, more or less justified. The first demand that the allies make upon the Chinese after the occupation of Peking was that they restore order in the country and disperse the Boers. Nevertheless, Northern China is the scene of continual disturbances, and there is public discontent in Hunan. The natives of China are the same in one respect as the natives of Europe and America in times of disturbance, the worst element of the population is the one of the ordinary restraints of government and works its will upon those who would obey the law.

There is not a country in the world who could bring order out of the chaos that exists and last year in China, without a strong military force. The whole world cries that China must restore order. The chief military commander of the allies must not have an opportunity to attack and kill the Imperial troops who are engaged in attacking the Boers. The expedition to Pao Ting Yu was the occasion of such an attack. The rear guard of the Imperial force were fleeing to escape contact with the expeditionary force, doing this in compliance with an order issued by the commanders of the expedition. The rear guard of the Imperial force was fleeing to escape contact with the expeditionary force, doing this in compliance with an order issued by the commanders of the expedition.

On Nov. 21 a German column under the command of General von Krosigk, leaving a force of Imperial troops to the southwest of that place. Subsequently Col. York sent a column of cavalry after the Chinese, and it was officially reported that in the fighting that ensued 30 Chinese were killed, while not a single German was hurt. The facts in the case are that the Imperial troops, in obedience to the orders not to interfere with the Chinese, did not follow them to Shanghai to avoid them when the cavalry attacked them in the rear and killed of them as many as they could make their escape.

Good Impression at St. Petersburg. St. Petersburg, Nov. 30.—The announcement from London that the powers had yielded to the American proposal for the evacuation of the Boers and indemnities, has made a good impression here.

Mr. Kruger's Leave For Manila. Tim Tsin, Nov. 30.—The 15th U. S. Infantry has departed for Tongkoo where it will be embarked for Manila.

Col. York at Death's Door. London, Nov. 30.—A despatch to a news agency from the Chamber of Deputies yesterday afternoon stated that Col. York, in command of the German column, is lying at the point of death as a result of wounds received in the fighting between the German and British troops.

ASHANTEE WAR IS OVER. Col. Willocks Reports From Comanche That the Expedition Will Leave Shortly. London, Nov. 30.—Col. Willocks, in command of the British troops at Ashantee, reports that the expedition will leave shortly.

TO LIVE STOCK. Toronto, Nov. 30.—Receipts of live stock at the cattle market yesterday were exceedingly light. 28 carloads, composed of 290 head of cattle, 480 sheep and 7 calves.

At Berlin Dec. 4. Berlin, Nov. 30.—Former President Kruger will arrive here Dec. 4, and will stay until Dec. 8. The Government has been informed of his impending visit.

CHICKEN MARKET. Brockville, Ont., Nov. 30.—800 hundred and ten colored and 420 white chicks were offered on this board yesterday. 35¢ was the highest bid and no sales were made on the board. Salmon accepted 75¢ on the spot.

NICE BABY. All babies are "nice," to their mothers. We all love children. Great big men, with hard hands, have soft hearts for helpless newcomers to earth with the smile of heaven fresh on their innocent faces. No man is too high or low, too proud or humble, too busy or idle, too good or bad, too great or small—except a few very small mean men—to throw up their hats at the sight of a plump little cherub; or to foxy a thin one.

Plumpness and thinness are accidents. Nature is beautiful; parents want to be. Scott's emulsion of cod-liver oil corrects their mistakes.

We want you to like us, if you like. SCOTT'S EMULSION, Toronto.
